3. Operation of Auction

- (a) positive and in the range of £1 to £200 per Renewables Obligation Certificate;
- (b) in increments of not less than £0.10 per Renewables Obligation Certificate; and

- (b) irrevocably offers to pay the bid submitted as the price to be paid in respect of Renewables Obligation Certificates included in such Lot in accordance with the e-ROC Conditions of Sale if it is the Successful Bidder; and
- (c) warrants that neither its bid nor its participation in the Auction violates any laws nor breaches the terms of this Auction Code.

In the case of equal bids, the earliest bid received and processed by NFPAS will be deemed the higher bid.

4.5 During the Auction Period, NFPAS shall send as soon as reasonably practicable a notification to the Participant whose processed bid is the current highest bid and shall use all reasonable endeavours to do so within 5 minutes of posting that bid on the Auction Site. Such notification shall be sent by e-mail, to the e-mail address specified by the Participant in the Registration Form. - 5.4 NFPAS shall send to the Successful Bidder an e-mail notification that it is the Successful Bidder (by e-mail to the address specified in the Registration Form) within one Banking Day of NFPAS’s determination of that fact under Clause 5.2.

- 5.5 The Participant hereby authorises and directs NFPAS to submit an invoice to the address shown on the Registration Form giving details of the Lot(s) and Final Bid Price(s) and the total amount due for payment. The invoice value for each Lot shall be calculated by multiplying the Final Bid Price by the number of ROCs in each Lot together with any Value Added Tax or any other tax that may apply.

- 5.6 The Participant acknowledges that if payment is not made within 7 days of the date of the Auction, NFPAS has the right to rescind the sale and may offer the Renewables Obligation Certificates to an unsuccessful bidder (commencing with the next highest bidder and ending with the least highest bidder) or re-auction the Lot or exercise such other rights as it may have pursuant to the e-ROC Conditions of Sale.
