

Continued uncertainty in ROC market

- The e-ROC monthly auction was completed on Friday 30th March 2012 with just under 80,000 ROCs sold. The average price fell back a little to £42.58.
- Continued uncertainty over the number of ROCs to be issued this compliance year for several large new projects including the 504 MW off-shore Greater Gabbard site and the 750 MW Tilbury Biomass station has undoubtedly dampened the market.
- Of course the recent warm weather has also reduced electricity demand and hence the ROC obligation.
- The date of the next monthly auction is **Tuesday 24th April 2012.**

Dates for future monthly auctions are –

- 24th May
- 29th June

For further details of our e-ROC auction, please visit our web-site, send us an email, or simply give us a call. www.nfpas-auctions.co.uk • email: info@nfpas.co.uk • tel: (0191) 245 7330

The date for the next auction is 24th April 2012. Register with us at www.nfpas-auctions.co.uk for more information

Notes

NFPAS Auctions also run on-line auctions for the sale of renewable electricity (e-POWER) and Renewable Transport Fuel Certificates (e-TOC).
