

Results of 22nd September 2010 RTFC Auction**MOST SUCCESSFUL AUCTION TO DATE
- 7 MILLION CERTIFICATES SOLD!**

The e-TOC auction for RTFCs took place on Wednesday 22nd September and it was the most successful auction to date with almost 7 million certificates sold. The majority of certificates sold were period 2 and the average price for them was 11.33p. For the first time period 3 certificates were sold reaching an average price of 15.40p.

The auction provides an ideal platform for both sellers and buyers with small producers able to aggregate their certificates with other producers to create larger lots which can be more attractive for buyers.

Buyers have commented on the simple, user-friendly and convenience of the e-TOC trading platform, and of course the auction platform allows buyers to maintain their anonymity.

The next scheduled monthly auctions will be Wednesday 20th October and Wednesday 17th November
